

RUBBERBAND

GREEN FUND

2025/2026

RUBBERBAND, in collaboration with Pentacle brings back the GREEN FUND for 25/26.

After the success and overwhelming response to last season's launch of the company's eco-touring initiative, RUBBERBAND and Pentacle will once again make the Green Fund available for the 25/26 touring season.

The Green Fund is an eco-touring initiative that provides a \$2,000 fee subsidy to U.S. presenters who support our efforts in environmentally responsible touring.

Presenters who book a performance within two designated windows in Fall 2025 and Spring 2026 are eligible for Green Fund fee support. Our goal is to reduce our overall carbon footprint by cutting down on transportation between engagements, while bringing awareness to environmental sustainability and **illustrating how working together, we can make a difference.**

The Green Fund is RUBBERBAND's latest endeavor to be more environmentally conscious while continuing to do what we love!

To find out more about our 25/26 Green Fund Touring Windows and Fee Support details contact:
